NEWSLETTER OF THE DAUPHIN ISLAND BIRD SANCTUARIES, INC.

Volume 23 No. 1

Fall 2019

President's Message

The Fall Season – Protecting Dauphin Island for the Birds

Last year, at the fall meeting of DIBS, the Board of Directors quite briefly discussed the possible purchase and protection of four contiguous dune lots which were located on Longfellow Place. These prime properties were in the island's central maritime forest and were rumored to soon come on the sales market. This was a wonderful opportunity for habitat preservation on the Island; but to be quite realistic, at the time, we had no idea if DIBS could possibly swing such a deal- 4 dune lots at once = \$\$\$,\$\$\$\$. Long story short, the Longfellow lots came on the sales market in early May. Recognizing the importance of this property, we began working on a public appeal and fundraising plan specifically targeted to the acquisition of this unique property.

Then good things started to happen! There was a generous outpouring of support from several of our fellow conservation organizations and their memberships. To our astonishment, dozens of individual donations from conservation-minded individuals from far and wide started to pour in from our appeal. We at DIBS are truly humbled at the support we have received!

First of all, we wish to thank the family of our dear friends John and Beverly Winn for their request for the release to DIBS of monies from the 'Beverly Winn fund for the Birds,' held in trust by the Community Foundation of South Alabama. Years ago John Winn established this fund in Bev's memory with the stipulation that the funds were to be used specifically for purchase of land of high conservation value on Dauphin Island. Without John Winn's insight, the purchase of this important bird habitat would not have been possible. We were then able to apply this money as a dollar for dollar match to the generous donations by the conservation groups listed here:

- Alabama Ornithological Society
- Atlantic Coast Conservancy – Pelican Coast Conservancy (GA) (AL)
- Francis M. Weston Audubon Society (FL)
- Mississippi Coast Audubon Society (MS)
- Mobile Bay Audubon Society (AL)
- Pine Woods Audubon Society (MS)
- Shoals Chapter of National Audubon Society (AL)
- Tennessee Ornithological Society- Nashville, Kingsport, Elizabethton
- Weeks Bay Foundation – Alabama Coastal BirdFest

Additional dollar for dollar matches were made with generous donations from approximately 150 individual donors who gave both big and small amounts for a grand total of over \$70,000. We especially wish to thank Gaye Lindsey for her generous contribution dedicated to the stewardship of the Longfellow properties. Two outstanding donations were also granted to us as gifts of stock from the Ed Senter/Jessica Germany and Lori Oswald/Hans Paul families. Yes, we can turn stocks into cash, which in turn provides land for the birds!

Subsequently, in late June we were able to place an offer on the Longfel-

low Place lots and the owners of the lots agreed to sell the lots to DIBS, and at a reasonable price as compared with recent comparable closing prices on dune lots in the island maritime forest. I am please to inform you, our supporters, that we have completed these purchases and now have title to these unique properties. I wish to extend our thanks to the former owners, Mr. and Mrs. Ronald F. Turner of Magnolia Springs, AL, and Mr. Bruce W. Wayne of Marietta, GA for their kind support of our mission.

As you know, our mission at DIBS is the conservation and perpetual protection of critical neotropical migratory bird stopover habitat on Dauphin Island, officially recognized as a Globally Important Bird Area. Since 1993, DIBS has purchased and protected in perpetuity over 50 important properties and in light of the fact that development on Dauphin Island has greatly accelerated in the last few years, and with many properties being purchased by developers, clear-cut, houses built and flipped for profit, our mission continues.

There are approximately 35 undeveloped acres remaining on the island that are crucial for sustaining migratory bird habitat, primarily concentrated in the Tupelo Gum, Gorgas Swamp and Steiner Block areas. In addition, there are other lots of high conservation value scattered mostly on the eastern end that contribute significantly to the island's quality habitat. These are all considered invaluable for providing diverse shelter, food opportunities for migratory birds.

And good things continue to happen! In August, using the Beverly Winn Fund as match, we made an offer on a tupelo gum mixed woodland lot in the area of our present Gorgas Swamp Reserve properties. This beautiful property, which was slated for development is a great addition to our holdings in this area of the island.

Purchasing and conserving additional properties is our sole and ongoing mission and thanks to you, our supporters, DIBS is making a huge difference for the preservation of the unique natural integrity of Dauphin Island, for North American migratory birds, and for our resident flora and fauna as well. If you would like to learn more about how to help save bird habitat by making a personal contribution to Dauphin Island Bird Sanctuaries, Inc., please visit our website, coastalbirding.org, and like us on Facebook at Dauphin Island Bird Sanctuaries. We are an all-volunteer 501(c)(3) charitable organization, and your contributions are tax deductible.

Come to the island and visit your DIBS properties and please consider joining us on Friday, October 11th through Sunday, October 13th for the Alabama Ornithological Society (AOS) fall meeting. Registration begins at 5:00 p.m. on Friday at Church of the Island, located at 302 Key Street. I would also encourage you, our supporters, to ask your friends and family to consider joining us in the cause of habitat protection on Dauphin Island. You are the backbone of our mission of land preservation and stewardship on beautiful Dauphin Island!

Working for Conservation,
Ralph Havard, President
Dauphin Island Bird Sanctuaries, Inc.

Announcements

Annual Membership Meeting

The 2019 Annual DIBS Membership Meeting will be held on Sunday, October 13, 1:00 p.m. at 1618 Cadillac Avenue, Dauphin Island, AL. All current members are invited to attend.

We encourage you to keep your DIBS membership current. Please check the mailing label above to confirm the renewal month. Or better yet, become a Life Member and never have to worry about renewing again!

Habitat Protection on Dauphin Island

As we have come to learn these past several months, the need to protect habitat on Dauphin Island is ongoing and urgent. The response of our members and friends in the conservation community has been tremendous, and with your continued support we can build upon our successes of this past summer! Here's how you can help:

- Purchase a designated property.
- By transfer of stocks or securities.
- Consider a donation above your annual dues.

Land Conservation Conference

The 2019 Partnership for Gulf Coast Land Conservation Conference was held in Point Clear on September 9-11. Five DIBS board members were in attendance at this annual meeting. The conference provided important background and information for funding and protection of coastal habitat, as well as many networking opportunities with like-minded conservationists.

Amazon Smile

When you shop online through Amazon, please consider helping DIBS. If you shop through AMAZON SMILE (<https://smile.amazon.com>) and choose DAUPHIN ISLAND BIRD SANCTUARIES, INC. (Magnolia Springs), Amazon donates 0.5% of your eligible purchases to DIBS. The donation will be made at no extra cost to you. Thank you for your consideration.
